9000 TON PRUNES AT CO-OP PLANT

The Campbell Cooperative Dryer has just experienced one of the longest dehydrating seasons in its history according to Herman Gerdts, superintendent. The dryer started operating on August 8 and received the last prunes for dehydration on October 12, a total of 66 days, compared with a normal season of approximately 50 days.

Over 9,000 green tons of prunes were dehydrated during the season which were of larger size than was the average in the 1954 season, which was an exceptionally large crop.

The state production for 1954 was 174,000 dry tons. Indications are that the state production for 1955 will be at about 134,000 dry tons, or about the same as the 1952 crop of 134,726 dry tons. The decrease in tonnage this year is largely due to adverse weather conditions at the beginning of the growing season. Although there is some decrease in prune acreage due to orchards being torn down for subdivisions, this decrease has not been nearly as great as predicted in 1948. If the present trend continues, eventually subdividing will decrease prune acreage in this area, although the state average is not declining. Although acreage has decreased, better farming practices have actually increased production in this area.

Sunsweet Plant No. 1 in Campbell is now running at full capacity, operating on a day and night shift, grading the dry fruit. It will probably take until the latter part of November to complete the grading operation.

WEST VALLEY HOSPITAL REJECTS LEGION OFFER

Directors of the West Valley Hospital Association last night rejected an offer of the Campbell-Los Gatos American Legion Posts to purchase two acres of the Hospital's ten acre site near Vasona Junction because they don't like idea of cutting up the property. This is according to William Mattenberger, board chairman. The site is at Capri Drive and Parr avenue.

Enough signatures have now been received from Campbell Post 569 and Los Gatos Post 158 to make the merger of the two groups a reality. A West Valley Post is being formed which will embrace the entire area as far as Cupertino and Saratoga. The proposed new club house will be for the use of the West Valley area, for which some $34,000 has been earmarked by the two posts.

CITY BONDS LOSE BY CLOSE MARGIN

All three city bond propositions voted Tuesday attained a simple majority but failed to get the necessary two thirds to carry. Only at the High School precinct did two of the propositions carry. The city hall proposition, which polled the greatest number of votes got an aggregate 61% majority vote, just six per cent short of what was required.

There are 29 absentee votes which will be counted Tuesday, but even if all are in favor of the measure, the result would not change.

There were 1055 votes cast for city hall bonds, 651 yes and 404 no votes. For the fire house bonds there were 646 yes and 394 no votes, while for the corporation yard there were 616 yes votes, 429 no votes.

By precincts the vote was:

High School: for city hall 154 yes, 89 no; firehouse 173 yes, 62 no; corp. yard 160 yes, 76 no.

Grammar School: for city hall 194 yes, 127 no; firehouse 185 yes, 136 no; corp yard 182 yes, 139 no.

Firehouse: city hall 164 yes 108 no; firehouse 160 yes 108 no; corp. yard 153 yes 116 no.

Church: for city hall 139 yes 85 no; firehouse 129 yes, 88 no, corp. yard 121 yes, 98 no.

Mayor Richard Morton said yesterday that the vote does not solve the problem for needed space. He indicated that it might be necessary to raise the tax rate when set for the next fiscal year, or another election may be called. In the meantime the city may have to rent what ever office spaces are available about town, at a cost including utilities to $400 per month. A fourth piece of fire equipment reserved for the second fire station has no roof over it.

Mayor Morton said further:

"The vote was not representative of all the people, nearly half of whom did not cast ballots. If the majority of voters had been greater, the administration would have felt a doubt. At the present time council will have to give the problem much thought. We are bound by law to wait a prescribed time before another election can be called.

"The problem still exists with the staff. We will be unable to do anything this fiscal year, for we can not rent property budgetwise. We can make plans to include some sort of housing. Our first consideration may be given the question of a corporation yard because of such an advantageous transaction worked out with the county to rent the property and this rental may be worked out from current income".

He said that cost of another election within the fiscal year presents a problem not anticipated.

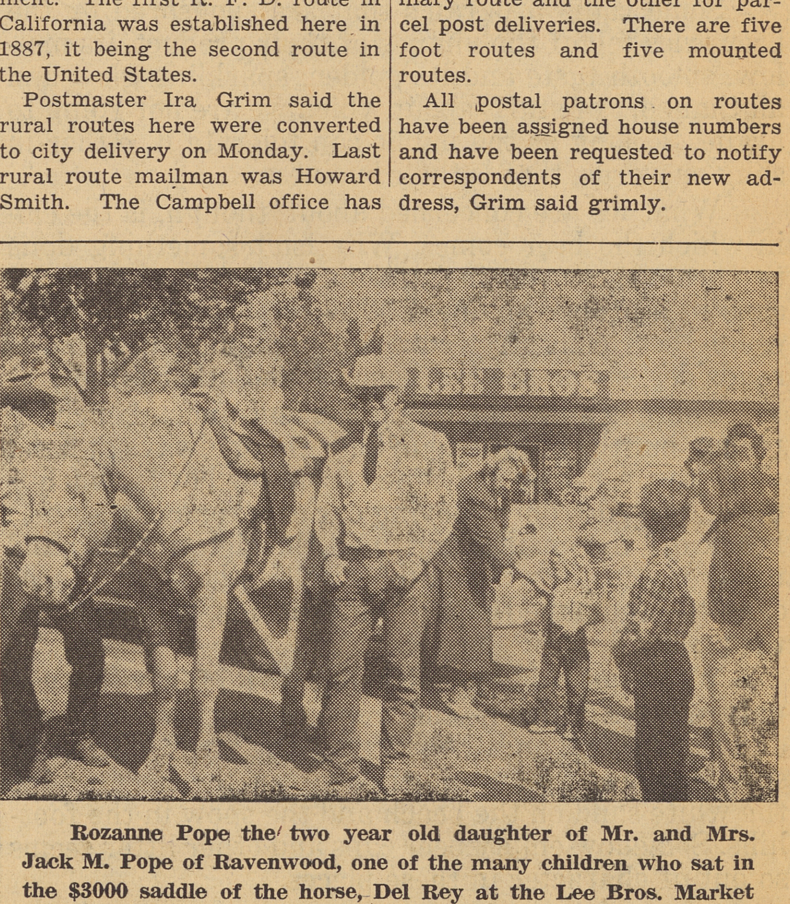
State's First R.F.D. Route Quits

HOUSE NUMBERS ASSIGNED MAIL DELIVERY PATRONS

For the first time in 63 years, Campbell is without rural free delivery service in its postal department. The first R. F. D. route in California was established here in 1887, it being the second route in the United States.

Postmaster Ira Grim said the rural routes here were converted to city delivery on Monday. Last rural route mailman was Howard Smith. The Campbell office has four government trucks painted red, white and blue and it rents two trucks, one for use on an auxiliary route and the other for parcel post deliveries. There are five foot routes and five mounted routes.

All postal patrons on routes have been assigned house numbers and have been requested to notify correspondents of their new address, Grim said grimly.



Rozanne Pope the two year old daughter of Mr. and Mrs. Jack M. Pope of Ravenwood, one of the many children who sat in the $3000 saddle of the horse, Del Rey at the Lee Bros. Other children whose pictures were taken may see their pictures displayed in the window of the Los Gatos store Saturday, and on identification, will be given a print of it.

SOLVING CAMPBELL'S NEEDS

Thre was a simple majority for city bonds at the election Tuesday, but that was not enough for the three measures to carry. It does not solve the problem that Campbell is in desperate need of a city hall, for a fire station and for a corporation yard. Some other means will now have to be found to provide these facilities.

We are none too certain how these are to be provided, but we feel reasonably sure that they will be of necessity. Just why some thirty-nine percent of the votes were against these measures is a moot question. A new city has to have clothes to wear, just as does a growing child, only in this instance the need is for housing facilities. A survey might feel the pulse of the people as to their pleasure.

Would it be rental of available property for the city offices to cost some $400 per month for an indefinite period? The Board of Fire Underwriters might at any time rule that the efficiency of the fire department is being hampered by too many facilities being in the station that are foreign to fire department functions, and because of this the insurance rate will be increased. The only corrective way would be to remove the other city offices to rental properties.

Would it be by a direct tax to add to the municipal rate within the legal limts, when the next rate is set? Some cities have resorted to this when the existing tax rate, like that in Campbell today is below the ceiling.

Would it be calling another election for the people to decide again? Would it be wise before any such election is called, to poll the electorate as to their pleasure of using the proposed properties, or those in another area at a greatly increased cost?

This much is certain: Campbell must have city offices, a corporation yard and a second fire station. The question today, is how best to get them.

FREEWAY SPACE

The automobile has changed the face of America so far as roads are concerned. The increasing number of arterials creates a sharp impact on major cities. The pattern in this part of the Santa Clara Valley is just about as acute. Time alone will tell the economic effect of these routes.

To date, most of it is on paper, but the pattern is there for action when moneys are available, and that is a very important matter. The Route 5 freeway will be the number one route for Campbell, leading to the East Bay or the Bayshore freeways in one direction and to Santa Cruz in the other.

Winchester Road is to be widened to 90 feet, Hamilton Avenue will be widened in Campbell to 120 feet, and made to extend through to Saratoga Road. Campbell avenue will be widened to 80 feet; San Tomas Boulevard will be 120 feet wide starting from a Camden avenue projection through Santa Clara to the Bayshore highway, and Leigh avenue, 90 feet wide, may go over Dry Creek Road into Cambrian Park, and swooping around through the back blocks in the vicinity of Vasona Junction would be Alameda Las Pulgas highway to Los Altos, Stanford, Woodside to San Francisco.

This is quite a network of arterials and this decade may not see its completion. It means that a lot of good land will have to be sacrificed for them and that hundreds of buildings will be demolished.

In the effort to get people from here to there in a hurry, we must make sure that we save space for people to stay when they're not on the move. It takes space and money for all these roads. Will the sacrifice be worth while? Time alone will tell.

BEER CAN LITTERBUGS

Some radio programs that are sponsored by the breweries tell of the virtues of their product, its mellow, smooth taste and its golden, sparkling glow and all that sort of stuff, about which we are not going to argue. So long as the public can tolerate it, either in song or words, that is their business.

What we are concerned about, though, is the can in which the beer comes. Why isn't something done to encourage, even insist, that users dispose of the cans in a proper manner? We are about fed up with seeing beer cans strewed about in public parks, along roadsides, storm sewers, beaches and other places.

There is a law making a misdemeanor of such littering, but the enforcing officer is not always at hand when the last drop is drained from the bottle which is often heaved from a moving car at a roadway sign to break off the enamel and spoil the sign, not at hand to take in custody the motorist with a box full of beer cans to be dumped along the roadside, the beach or the park.

We're not being prudish, but we do fancy the way nature leaves things—the trees, the shrubs, the flowers, the springs and the streams, the birds with their song, the deer that scampers away as the car goes by, the white sand on the beach and the snow in the foothills. Somehow empty beer cans and other litter seems so out of character in these places.

Someone has to sponsor programs of this sort, but we would like to commend the firm with the foresight to find a practical way to check these litterbugs.

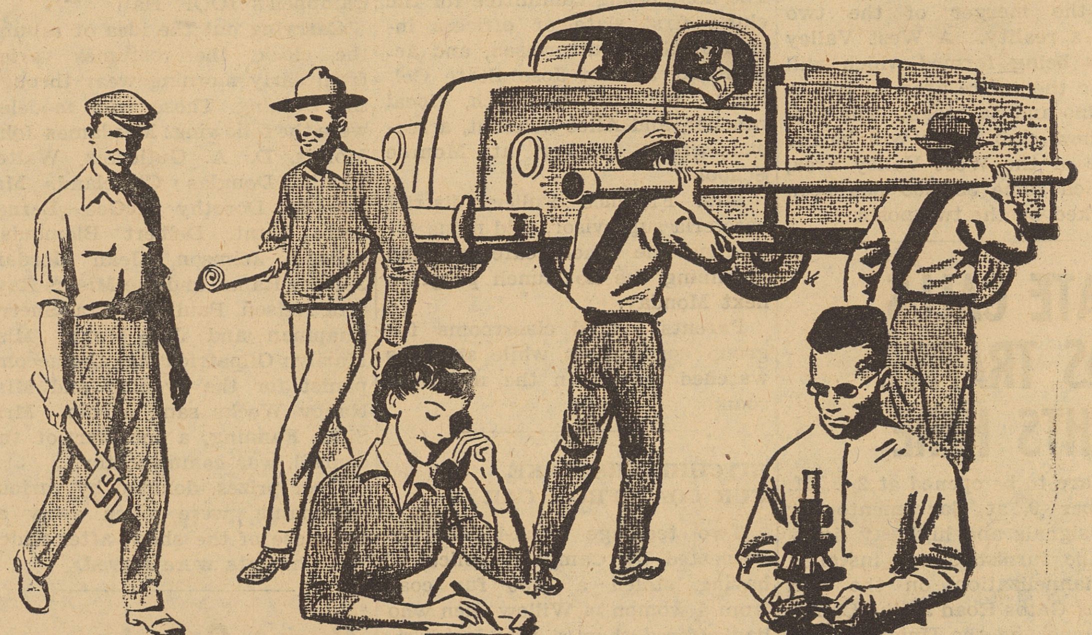
WHAT IT TAKES
To Supply Your Home With Water Every Day



Secretary of a $20,000,000 corporation with more than 3,000 stockholders is a man-sized job. But men have no corner on executive ability. This responsible position in our company is administered most capably by a very lovely and charming woman, Mrs. Lelia Marchisio Cali.

When our Secretary isn't busily engaged in keeping the corporate records and supervising the payment of dividends, she is known as Mrs. Charles J. Cali, the wife of a well-known Winchester road orchardist and Farm Bureau leader.

Mrs. Cali joined San Jose Water Works almost 28 years ago. After serving ably as secretary to the company President, in 1946 she was made Secretary of the corporation. She is the first and only woman Secretary since the company was founded in 1866, and has been with the company longer than any other officer.

Her hobby of gardening, along with her experience as a farmer's wife, proves valuable in her supervision over the maintenance, planning and landscaping of the gardens on the company's properties, whose trim lawns and flower beds contribute so much to the beauty of this city.

Mrs. Cali is a true native daughter of San Jose. Her father, Giuseppe Marchisio, was one of the first Italians to settle here. She was born in the Mount Pleasant district, received all of her schooling in San Jose and was married here. Her son and daughter were also born in this community, and now there are two grandchildren to mark the third generation of San Joseans.

It's people like "L. M. Cali," as she signs corporation documents, who help make San Jose Water Works a real San Jose institution.

Jones Railway Being Relocated

First major preliminary work on widening Santa Clara-Los Gatos Road to four lanes got underway this morning with the start of relocation of William "Billy" Jones Wildcat Railroad.

Five hundred feet of the 18-inch gauge prune orchard rail line at the corner of Santa Clara-Los Gatos Road and Daves Ave. will be set back an average of 20-feet to permit widening the highway.

In moving the track, rail, ties and ballast will be taken up and relayed on the new right of way. In the process a fill about four feet high also will be moved. Doing the work will be Jones and the Guerin and Olmstead Construction Co. of Los Gatos. The job will take about a week to complete.

At about mid-morning Jones, president, engineer, master mechanic and new construction superintendent and work train foreman of the Wilcat Railroad, steamed up his little locomotive and brought a flatcar to the site to pick up track and ballast.

Relocation of the railroad is part of the project to widen a mile of the roadway between Vasona and the Los Gatos town limits. The work is being financed by federal, state and county funds.

Other preliminary work is expected to begin later this fall with the major highway construction starting this spring following the rains and continuing during the summer.

Nuptial Mass Unites Couple At St. Lucy's Church Here

The marriage of Madelaini Jeanson and Rudolph Ricci was solemnized in a nuptial mass performed by Rev. Thomas Ahern in St. Lucy's Catholic Church in Campbell last Saturday at 11:00 A. M.

The bride, wearing a gown of white satin and lace with fingertip length veil and carrying a French bouquet of split carnations, centered with stephanotis and garnet red roses, was escorted to the altar by Peter Ricci, brother of the groom. She was attended by her sister, Miss Lola Jeanson as her maid of honor, who wore an aqua cocktail length dress with bouffant skirt, carrying a French bouquet of yellow carnations centered with pink roses, and her bridesmaid, Joyce Lee, a friend, who wore a yellow cocktail length dress with bouffant skirt and carrying an aqua French bouquet of carnations, centered with pink roses.

The groom was attended by his best man, Ralph Bogner, and Dewey Kolischi was the usher. Miss Helen Kalas was the vocalist.

Following the ceremony a reception was held at the Campbell Country Woman's Club which was decorated with dahlias, Horace Reed daisies, snapdragons and blue delphinium, also a four-tiered wedding cake. Over 100 friends and relatives attended.

The bride, who is employed as a nurse in Palo Alto, is the daughter of Mr. and Mrs. Joseph Jeanson of Manitoba, Canada. The groom, who is employed in San Jose, is the son of Mr. and Mrs. Peter Ricci of 710 East Campbell Avenue, Campbell.

INK STAINS

By HELEN McLEOD

THERE'LL BE FUN, food and prizes at Quito School this Saturday, from 10 a. m. to 5 p. m., at the **PTA sponsored Circus Carnival.** Al Fichera, Jr., Campbell High student, made all the signs and posters advertising this event. He's busy after school at Ted Leone's house creating the booth decorations. He and his sister, Lorraine, spent a day in San Francisco, along with his parents, Mr. and Mrs. Fred Fichera and guests from home town Lawrence, Mass. These old friends, Jennie and Nellie Lombardi, enjoyed Fisherman's Wharf, Chinatown, Golden Gate Park, and a ride on the elevator to the top of Coit Tower. Completely intrigued with California, they think San Francisco offers much more to the tourist than does New York. The Charley Fichera's had relatives visiting for three weeks also from Lawrence, who are reluctant returnees to the East. They were Mrs. Fichera's parents, Mr. and Mrs. Sully Apice.

MR and MRS. OLIVER UPTON are vacationing in Southern California and may take in the South of the Border.

RESIDENTS OF LOS FELIE DRIVE in the Monte Linda tract had a farewell party for Mrs. Eloise Linger, who moved into the Cambrian area. Hostess was Mrs. Jean Wichers, and those invited were Mrs. Peggy Foster, Mrs. Nancy McNulty, Mrs. Ray Morris, Mrs. Emma Gutierrez, Mrs. Phyllis Dooley, Mrs. Jean Klohe, Mrs. Millie Wagner, Mrs. Naomi Taylor, Mrs. Frances Atkinson, and Mrs. Harriett Tripp. The Moreland District Mother Singers will meet at the Wichers home in the future, since it is more centrally located than the Linger's new home. Mrs. Wichers is pianist for the group.

THE BACK YARD OF MRS. ERNEST PORTER on Cox Avenue was the setting for Cub Den number 6 first cook-out, on hobo stoves of their own making. Mrs. Jack Diehl, who with Mrs. Porter, is den mother, assisted, as did Mrs. Gene Vandever. The boys who enjoyed their own cooking were Terry Upton, Steve Vandever, Gary White, Gary Porter, John Diehl, John Alexander, Terry Porter, Dennis Mrkvicka, and Mike Reppas.

THE CORN WAS GROWING TALL on This is Your Life program the other night. We are led to believe these honored guests don't dream that they are to be the leading characters in a coast-to-coast tear jerker. The new hair-do of Kathleen Norris seemed to belie this belief. Anyone who has seen her speak at meetings or noticed her picture in publications would not have recognized her on Ralph Edwards soap-opera, where even sophisticated performers like Dorothy Lamour have been overwhelmed to tears by having their life paraded before the breathless public.

Two New Buses For Cambrian Schools

Detailed information pamphlets will soon be distributed to residents of the Cambrian School District advising of the forthcoming school bond election on November 8, 1955. A "yes" vote will authorize $300,000 in district bonds and $1,800,000 in state aid. This money will be used to complete the Steindorf and Bagby Schools, construction of a fourth school on a site already owned by the district, and the purchase of sites and construction of two additional schools. The district's schools are now on double sessions, and the community is growing daily. Unless the bond issue is successful, adequate classroom space will not be available and the educational program will be seriously impaired. The district's two new busses have been delivered and are in operation.

Mental Health Problem Faces 4% Classrooms

An average of nearly four children per classroom in our area may need the aid of professional psychologists, according to an extensive survey just completed by Sixth District P. T. A.

This is according to a report on a study made during the last school year by a special committee headed by Mrs. Norman Dolloff of Saratoga.

In Santa Clara and San Benito counties 35 schools took part. Questionnaires were returned by 503 teachers covering a total enrollment of 15,677 children.

Sixteen hundred and fifty-two children were described by their teachers as emotionally disturbed, an average of 3.9 per teacher.

The teachers were asked only one question: "If a school psychologist were available to help you to understand or to handle the emotional difficulties or personal problems of your pupils on the same basis as the school nurse is now available for health services, for which children in your present class would you request such help?"

The committee proposes:

1. That a clinic be established under the school department having a mobile staff available, on call, for schools under their direction.

2. That more school psychologists and/or professional guidance personnel be employed.

3. That a group guidance program be established for teachers in their schools with a professional resource person to conduct them.

Besides Mrs. Dolloff, committee members include Dr. Nan Allan, Santa Clara County Supervisor of Special Education & Guidance; Lennie Bee, Saratoga Union 8th grade teacher; Mrs. Edna Cox, Fruitvale school principal; Mrs. Carl Marton, PTA mother; Dr. Ruth Tiedman, professor of psychology, San Jose State College; Mrs. Jean Winslow, dean of women, Los Gatos Union High School, and James Spence, statistician.

Pulpwood is sometimes purchased on a weight basis, the unit of measurement being the 2000-pound ton.

SAM MANFRE'S BOWS AND ARROWS STOLEN

Sam E. Manfre of 889 W. Letimer Avenue reported to Campbell police this week that a thief had made off with $400 in archery equipment, which had been stored in a building adjacent to an orchard.

The equipment included six bows, two quivers, three dozen arrows and a wooden arrow rack and since Manfre's watch dog did not ward off the intruder, police deduced that the culprit may have been one familiar to the area.

Campbell Cagers Clip Eagle Wings

The Campbell C'ees finally broke into the winning column by thumping the Mountain View Eagles 27-14, in a league tilt played at home, Friday, October 14. Eleven players, in all, participated for the Bucs. Nakamoto and Seeger took high point honors with six points apiece.

In the second contest the Buc D'ees played their best game of the year. They walloped the Eagles 46-34, as they poured on the heat in the final quarter scoring 18 markers. This was their third win of the season. Outstanding for the Bucs was Dave LaBarbera who played a terrific game dropping in 20 points. Fourteen of these points came in the second half. Ted Kanamoto was also instrumental with a point total of 12.

Senior English Teacher, Dennis Friend, asked his seventh period class the other day, "Which two letters of the alphabet are in most popular use today?" One of his college prep students replied: "TV"!

Former Bucs Now On College Teams

What happens to high school football stars after they graduate? Well, many of them go on to star in college. This is true of at least seven of Head Coach Jim Muir's ex-Bucs, who have recently gone on to play for higher institutions of learning. Up in Corvallis, playing for Oregon State College, are Gary Lukehart, Jim Ryley, and Wally Koontz Dick Kolte is a "Waldorf hopeful" at the University of California at Berkeley, and Eppie Galego hopes to be quarterbacking the Spartans of San Jose State College in another year or so. Tony Schraub was out for the Stanford Frosh eleven. Eric Protiva, the ex-Iranian, broke his leg in a swimming accident and is off the Stanford varsity for this season.

Jim Crawford, who is a chemistry teacher, serves as CUHS scorer for all athletic contests played in Campbell while sitting on the visitor's bench. Crawford shoots off the gun announcing the quarters, informs the referee about the two minute warning times, and sees that all timeclocks and scorebooks are in order.
